Future Loops presents Sarod Loops , from the highly praised Total India collection (recorded in Chennai, Calcutta and Mumbai) with over 250 enchanting Sarod samples..

With over 14 GB Total India is a massive collection available only as a boxed 4-DVD set , but now and after much demand from our users you can download the Sarod loops and one-shots as a separate pack .

The Sarod is a beautiful stringed instrument of the lute family common to the Indian classical music traditions of the north region. Along with the Sitar, the Sarod is an extremely popular instrument and is highly recognized for its deep, weighty sound. It's reverberant quality makes the Sarod a mystical instrument that can instantly give any track a luscious, mysterious vibe.
