

Groove Series >> Nuclear DNB

"Nuclear DNB" is Future Loops' latest resource for **powerful, groundbreaking drum and bass samples!**

This is the **freshest, heaviest DNB library** you can find out there, loaded with **hard and heavy breaks, Fx, pads** and all kinds of sounds that will make you drop the phattest tunes!

When it comes to Drum n Bass, Jungle or Breakbeat, this is a true first-class sample pack filled with an awesome and truly diverse selection of the nastiest grooves !
"Nuclear DNB " will recharge your home studio with an **"all you can mix buffet "**of premium Drum n Bass beats !

"Nuclear DNB " is perfect for producers looking for those **heavyweight Drum and Bass samples** . The loops were kept nice and raw so there is plenty of room for you to tweak them just as you like them , but they are already high-class, **superbly produced and professional sounds!**

The potential of this library is outstanding, we exceeded ourselves to give you top usability and flexibility in a collection of **6 star samples** that is crying out for you to **make killer tunes out of it!**

Ideal For: Music producers and DJ´s looking for fast, hard breaks and fresh drum & bass , jungle or breakbeat beats

Groove Series >> Nuclear DNB

Nuclear DNB " is structured with the user in mind:

Over 400 Full Mix Beats : each beat comes with at least 3 variations from the full mix,

Over 300 Fills : We know you love fast rolling snare fills and wicked breaks !

Over 620 Loop Elements : All the individual loop components (kicks , snares , hats , percussion) in separate standalone loops for extensive usability and mixing control !

Over 2000 Sliced Hits : We did all the work for you and provide you with all the beat slices so you can have 100% control of your grooves and develop completely new beats from scratch!

Over 190 Processed Patterns: Highly processed beats and wild rhythmic patterns

99 FX Loops : Over the top Drum n´ Bass FX at 4 different tempos (160, 165, 170 and 175 BPM) .

All loops in WAV and REX for maximum flexibility!

With this **cutting edge library** we offer you a sneak peek of **more than 90 mouth watering atmospheres** from the [Infinite Series Collection](#), that will spice up your curiosity and add even more juicy sounds to **take your tracks into hyperspace!**

Perfect Tool For Drum N Bass Beats !

It does not matter if you are a newbie or a veteran producer , by adding "Nuclear DNB" to your arsenal of samples you will **load your studio with hundreds of professional Drum & Bass and Jungle loops** ! You can mix them any you way you want , you can play with them , slice them , trash them , process them .. **its all in your hands** ! We have made the loops hard enough to really get things going but you have a lot of room to **give it your special touch** .

Groove Series >> Nuclear DNB

Advantage of the Loop Elements :

You will love how we included **each element of a beat as a standalone loop** . This really **maximizes your mixing potential** ! Now you are not limited to “just” the full mixed beat .. Have you ever had a beat that was perfect except for those strange maracas , or odd cymbals that just didn’t mix well on your track ? No problem , with “Nuclear DNB” you can use the Full Mix beat if you want or combine the KICK of loop A with the hats from loop B , with the snares of loop C and loop D . **Its your decision , your call , your music !** With more than 600 standalone Loop Elements you will need months to **drain all the juice from this baby!**

Want to create a new Drum & Bass beat from scratch ?

No problem . Once again we did all the boring , painstaking and tedious work and we sliced all the beats into individual drum hits , leaving you all the fun to use them to develop new and potent beats ! There are over 2000 drum hits , all sliced and ready to be part of the next Drum & Bass classics !

Tempos range from 160BPM-175BPM

We developed “Nuclear DNB” in 4 different tempos : 160BPM , 165BPM , 170BPM and 175BPM . Styles range from spatial to jazzy , from hardcore to jungle .

Formats: All loops are provided in WAV & REX . Hits and One-Shots are provided in WAV

Groove Series >> Nuclear DNB
